2019-2020 New Member Information Guide

Congratulations on your decision to be a part of the Coppell Band.

Band is one of the most enjoyable and spirited high school organizations, and it is arguably the hardest-working organization and most award-winning in Coppell ISD. Students in band are respected by their peers and teachers; they are known as the leaders at Coppell HS, and band members rank among the highest-performing students academically in each class.

High school band is drastically different than middle school band. In middle school, you prepared for weeks and weeks for one performance. In high school, we are in a prepare-then-perform mindset. We perform on a weekly basis during marching band season, and many students love the thrill of marching the show in front of a crowd of 5,000-10,000 people in a stadium on Friday and Saturday night. There is, in all honesty, no greater experience. In Band at Coppell, the physical demands of being a performer are rather high. Through marching band, students will become physically fit by exercising on a daily basis. All these routines make us stronger physically and mentally and give us a great advantage over our competitors late in the season.

To remain musically “fit”, we strongly encourage private lessons throughout the summer and during school. At this time, over 97% of the students in the Coppell Band are enrolled in private lessons. This experience is one that will strengthen your musical abilities beyond what we’re able to do in class. The one-on-one time you spend with your private teacher will aid in your growth and development as a competent, individual musician.

If you have interests in other areas (athletics, clubs, organizations), we welcome you to do both. You can make it work in your schedule, and we’re happy to help you realize your goals by being a member of multiple teams. We currently have Band students in football, theater, choir, track, tennis, swimming, cross country, and more. No student at CHS or CHS9 will be made to choose one over the other – being a part of the Coppell HS Community is important, and your contributions are valued. Please email us with any questions you have.
